Protection Mat*

Educational, Artistic and Enjoyable

Funny Mat

Paint, Wash, Paint, Use Again & Again!

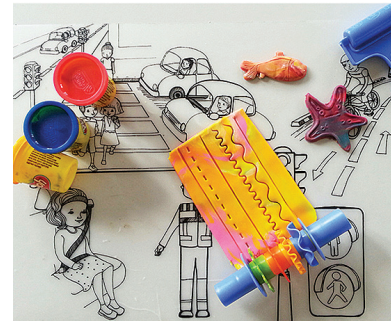

Funny Mat is used as a table and surface protector for all kinds of activities. You can dine, paint and shape the clay and play dough on it.

Also it can be used as a study mat.

Funny Mat is an activity material by itself. You can colour the drawings on the mat with water-based felt-tip pens as desired.

When you hold Funny Mat under running water, the paint will come off and you will be able to paint it many times in different colours.

Funny Mats are produced in two different sizes with various different designs.

FUNNY MAT, was developed by Akademi Çocuk.
It is Protected by the Patent Institute.

Washable Art Washable Canvas

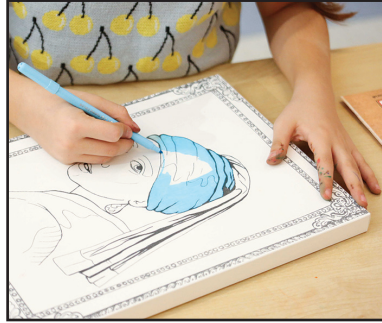

Famous paintings are recolored in the hands of little painters. And it is possible to change these colors many times. How? This canvas can be washed and painted in different colors again and again. How will you start? You can see the original pictures on the packaging of Washable Art and the folding diagram on the back of the canvas. Washable Art is a "canvas" with unique properties. Fold the canvas as shown in the diagram. If you wish, you can do the folding after the coloring activity is finished. If you are going to use an easel, our suggestion is to fold the canvas before you start painting, and if you are going to paint on a table, our suggestion is first color the canvas and then fold it. You can either paint the painting in the original colors or use colors from your imagination. Make additions to the painting. You can easily wipe the canvas with a wet cloth or wash it. This way, you can paint the picture many times in different colors. We recommend that you start painting from the top to avoid getting paint on your hands. When it is finished, you can hang it on your wall, and when the number of your works increases, you can open a personal painting exhibition in your room. The fun begins!

Cats of The City

Funny Mat is a fun “activity material”. The designs on Funny Mat can be colored with water-based felt-tip pens. The colors will wash off when mat is placed under running water, so the mat can be reused. Funny Mat can also be used with colored pencils and can be erased with eraser. Users can add their own designs to the mats.

The first page is intentionally left blank. This page can be used to create new designs.

Creative, Enjoyable, Environmentally Friendly!

Drawing Lines

Funny Mat is a fun "activity material".

Drawing lines support the fine motor development of children, improve their pencil holding skills, and are very important pre-literacy exercises. Funny Mat "Drawing Lines" is prepared for children with this purpose. Funny Mat can be used with water-based felt-tip pens and cleaned easily with water. They can also be colored with colored pencils and can be erased with an eraser. Users can follow the lines with a pencil, color the designs and add their own designs to the mats.

The first page is intentionally left blank. This page can be used to create new designs. Depending on the pen, it can be cleaned easily with an eraser, water or wet wipes.

Creative, Enjoyable, Environmentally Friendly!

Paint, Wash, Paint, Use Again & Again! Funny Mat Black is a fun “activity material”. The black surface can be painted with anti-dust chalk and can be easily cleaned with water or wet wipes. Chalk is a very suitable material for the black mat and the patterns on it. It offers children a different experience. Funny Mat Black can be painted with colored pencils and can be erased with eraser. This way the mat can be painted multiple times with different colors. Users can add their own designs to the mats. The first page is intentionally left blank. This page can be used to create new designs.

Funny Puzzle Washable Puzzle

You can see the whole pattern on the bag of Funny Puzzle. Here is how you can enjoy it:

Assemble the puzzle pieces on a flat surface. Paint the resulting picture in the colors you want with water-based felt-tip pens. Make additions to the patterns if you like! You can easily wipe or wash any piece or the whole Funny Puzzle with a wet cloth. This way you can paint Funny Puzzle many times in different colors. Start coloring from the top to avoid getting paint on your hands. You can keep the pieces of the Funny Puzzle in its special bag and take it with you everywhere. So let the fun begin!

About the product:

The pieces of the Funny Puzzle are large in size and made of soft material.

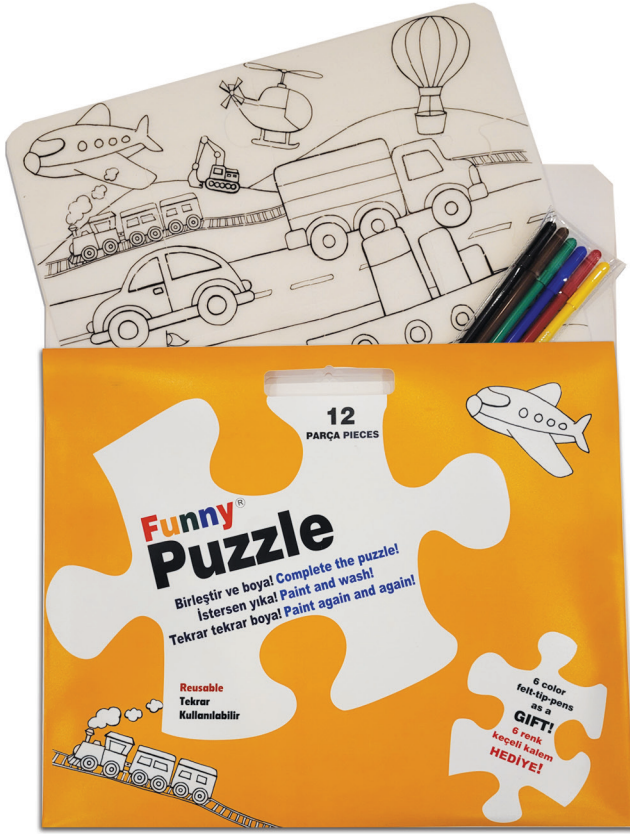

It is easy to assemble and separate parts. Funny Puzzle is washable and reusable. It is long-lasting, recyclable and environmentally friendly.

Funny Puzzle is suitable for children's use. All necessary laboratory analyzes are carried out in accordance with European and American standards. Funny Puzzle is fun, educational and creative.
